

Selling or recommending herbs?

You take your customer's health seriously. Let them know it!

Get Certified with the ABC Herbal Information Course

It is likely that during the course of your work, you will encounter inquiries concerning herbs and herbal products. It is important to be able to educate your customers with well-researched and accurate information to help them make sound decisions.

The ABC Herbal Information Course (Course 1 and Course 2) is a self-paced, online course that presents a range of general topics to familiarize you with the overall field of herbal medicine and focuses on the specific use of many popular herbs. (These courses are also suitable for clinical practitioners.) Topics include:

- Science-Based Information on Popular Herbs
- Herb Safety
- Legal and Regulatory Status of Herbs and Phytomedicines in the U.S.
- Interpreting Product Labels
- Communicating with Customers

Those successfully completing the program will receive:

- Herbal Information Specialist Certificate
- Window decal
- Formatted press release to send to your local media

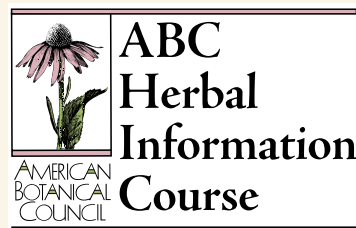

Why get Certified?

- Distinguish your business from the competition
- Knowledgeable employees ensure satisfied customers and patients
- Increase customer confidence
- Ensure accurate and legal communications
